**Subject:** Latest EPA Class VI guidance documents

Dear Mr. Cummings,

Our headquarters office reports that all Class VI documents should be posted at the following link, which you may have already been aware of:

<http://water.epa.gov/type/groundwater/uic/class6/gsguidedoc.cfm> I'm told the final Class VI Primacy Manual should be released in about 2 months. If there is anything of specific interest not found here, please let us know as we may be able to provide additional information.

Best,  
Jason
